***This Notice supersedes and replaces M93-23, which is hereby cancelled.***

Mariners are advised that contractors working on the Tideway Tunnel Project will continue at Albert Embankment to reinstate Lack's Dock and install ship impact protection piles. These works are expected to continue until Spring 2025.

The chartlet below shows the expected locations of the barges during these works (in red) and the extent of the new river wall structures.

Telephone calls, VHF radio traffic, CCTV and radar traffic images may be recorded in the VTS Centre

### NOTICE TO MARINERS

The works which will include pile extraction, fender installation and slipway reinstatement will be carried out using spudded barges, tugs and supply barges, as well as equipment on the foreshore.

At times Vauxhall Bridge no 4 arch will be closed to all vessels.

**Open to  
Navigation**

**"Permitted"  
Vessels Only**

**Closed to  
navigation**

A smart signal light fitted above no 4 arch will be controlled remotely by London VTS and will display signals with their meanings as described below.

At times, requests for vessels to proceed with caution or pass at slow speed will be made by London VTS on VHF ch.14, in accordance with the Port of London Authority's [Port Information Guide](#), under 'London VTS', section 4. International Code Flags 'Romeo Yankee (RY)' will be displayed accordingly.

Telephone calls, VHF radio traffic, CCTV and radar traffic images may be recorded in the VTS Centre
